

	<p>Alliance Air Products (AAP) provides custom Heating, Ventilation, Air Conditioning and Refrigeration equipment, serving the OEM, Design-Build and Plan & Spec markets. Each unit is engineered to meet specific project requirements; packaged systems, DX condensing units, fluid chillers, boiler/heating systems and custom air handlers. Our units are certified by ETL and AMCA.</p>	<p>www.allianceairproducts.com</p>
	<p>Climate Wizard offers a high performance and extremely efficient indirect evaporative air conditioner. It uses the same principles as traditional evaporative cooling, but does not add water to the air as it cools. It works by drawing in hot outside air and passing it through a heat exchanger. Warm, moist air is expelled, while cooled, but otherwise unchanged air is delivered into the space.</p>	<p>www.climatewizard.com</p>
	<p>Hartzell Air Movement. Providing FRP and stainless steel construction, specialty coated blowers and fans for corrosive environments, heavy industry, wastewater facilities, high technology, marine, and power generation applications.</p>	<p>www.hartzellairmovement.com/</p>
	<p>Panasonic offers a range of turnkey heating and air conditioning solutions for homes, medium-sized buildings such as offices and restaurants, and large-scale buildings. These offer maximum effectiveness, comply with the strictest environmental standards and meet the most avant-garde construction requirements of our time.</p>	<p>www.business.panasonic.com/products-hvac-heatingairconditioning</p>
	<p>Smardt oil-free, magnetic bearing centrifugal chillers offer the highest IPLV energy efficiencies and the lowest lifetime operating costs. Sizes and capacities range from – 60 TR through 1200 TR in water cooled, and 60 TR through 450 TR in air cooled.</p>	<p>www.smartd.com</p>
	<p>Spunstrand® Inc. has a dedicated facility for manufacturing FRP chemical and water storage tanks, carbon scrubbers, ductwork and custom FRP products that serve industrial, commercial and municipal markets.</p>	<p>www.spunstrand.com</p>
	<p>TMI Climate solutions provides quality central utility plants, custom self-contained DX systems, package chiller and boiler plant systems and pumping stems and controls.</p>	<p>www.tmiclimateolutions.com</p>
	<p>Water source heat pumps, Geothermal heat pumps and reverse acting chillers: Water Furnace features advanced technology and innovative components to achieve the highest levels of performance and energy efficiency using environmentally safe R-410A refrigerant in all units.</p>	<p>www.waterfurnace.com</p>
