

	<p>Accutrol, LLC specializes in the manufacturing and distribution of innovative airflow technologies for critical environment airflow control. The features and benefits of our award winning products make us the choice of many of the world's most prestigious and demanding clients. The flagship, award-winning AccuValve was designed for 21st century critical environment airflow control. The AccuValve's innovative, sustainable "green" design delivers technology-leading features and benefits.</p>	<p>www.accutrollc.com</p>
	<p>Alliance Air Products (AAP) provides custom Heating, Ventilation, Air Conditioning and Refrigeration equipment, serving the OEM, Design-Build and Plan & Spec markets. Each unit is engineered to meet specific project requirements; packaged systems, DX condensing units, fluid chillers, boiler/heating systems and custom air handlers. Our units are certified by ETL and AMCA.</p>	<p>www.allianceairproducts.com</p>
	<p>Climate Wizard offers a high performance and extremely efficient indirect evaporative air conditioner. It uses the same principles as traditional evaporative cooling, but does not add water to the air as it cools. It works by drawing in hot outside air and passing it through a heat exchanger. Warm, moist air is expelled, while cooled, but otherwise unchanged air is delivered into the space.</p>	<p>www.climatewizard.com</p>
	<p>DXair provides liquid cooled pool dehumidification equipment.</p>	<p>www.dxair.com</p>
	<p>Hartzell Air Movement. Providing FRP and stainless steel construction, specialty coated blowers and fans for corrosive environments, heavy industry, wastewater facilities, high technology, marine, and power generation applications.</p>	<p>www.hartzellairmovement.com/</p>
	<p>Hydronic Components Inc (HCI), provides manual and automatic balancing valves & hose kits, Pressure Independent Control Valves and a patented Filter Ball design with an integrated back flush feature. HCI components are 100% leak tested, bagged & tagged into a single package for easy installation and back by a 5-year warranty.</p>	<p>www.hciterminator.com</p>
	<p>Lennox Commercial is a leading provider of high-efficiency packaged rooftop units, split systems, VRF, HVAC controls, VRF, furnaces and indoor air quality products for the light commercial industry. Committed to helping our customers through advanced products and unsurpassed customer service, Lennox Commercial delivers effective HVAC solutions that improve comfort and protect profits.</p>	<p>www.lennoxcommercial.com</p>
	<p>Nailor Industries offers commercial and industrial air distribution, louvers, dampers, terminal units, fan coils, silencers, and filter housings.</p>	<p>www.nailor.com</p>
	<p>Panasonic offers a range of turnkey heating and air conditioning solutions for homes, medium-sized buildings such as offices and restaurants, and large-scale buildings. These offer maximum effectiveness, comply with the strictest environmental standards and meet the most avant-garde construction requirements of our time.</p>	<p>www.business.panasonic.com/ products-hvac-heatingairconditioning</p>
	<p>PEP Filters (an Amiad USA company), is a world leader in filtration. PEP offers centrifugal separators, disk filters, sand filtrations, and many other types of filters for cooling towers and other closed loop HVAC systems."</p>	<p>www.pepfilters.com</p>
	<p>REYMSA offers the future in cooling tower and fluid cooler construction and design. REYMSA's all fiberglass towers with direct drive fan motors offer the longest life, lowest maintenance, and lowest water consumption of any cooling tower on the market.</p>	<p>www.reymosa.com</p>
	<p>Smart oil-free, magnetic bearing centrifugal chillers offer the highest IPLV energy efficiencies and the lowest lifetime operating costs. Sizes and capacities range from – 60 TR through 1200 TR in water cooled, and 60 TR through 450 TR in air cooled.</p>	<p>www.smartd.com</p>
	<p>Spunstrand® Inc. has a dedicated facility for manufacturing FRP chemical and water storage tanks, carbon scrubbers, ductwork and custom FRP products that serve industrial, commercial and municipal markets.</p>	<p>www.spunstrand.com</p>
	<p>Sterling HVAC, the most recognized name in the game, has been producing industry leading high efficiency heating products for over 50 years. From traditional Unit Heaters to Rooftop and Indoor Make-Up Air Units, Sterling HVAC has the solution to fit every residential, commercial or industrial application.</p>	<p>www.sterlinghvac.com</p>
	<p>Since 1980, Superior Rex has manufactured an extensive range of fan coils and air handlers in the global marketplace. They produce a wide range of high-quality units -- including custom builds - tested, and labeled before being released for shipment.</p>	<p>www.superiorrex.com</p>
	<p>TMI Climate solutions provides quality central utility plants, custom self-contained DX systems, package chiller and boiler plant systems and pumping stems and controls.</p>	<p>www.tmiclimateolutions.com</p>
	<p>Triatek provides complete end-to-end solutions for healthcare facilities and laboratories, including Venturi valves, room pressure controllers, fume hood controllers, VAV controllers, remote monitors, sensors, and more all designed to seamlessly integrate into a facility's building automation system (BAS). Triatek has been a pioneer in controls since 1985.</p>	<p>www.triatek.com</p>
	<p>Twin City Fan & Blower offers an extensive line of air moving equipment including a wide range of centrifugal fans and blowers, axial fans and power roof ventilators.</p>	<p>www.tcf.com</p>
	<p>VTS is a global leader in the manufacture of commercial air-handling units. VTS produces air-handling units with standard direct drive fans and trye thermal break construction. VTS also manufactures direct drive blower coil fan coil units ith standard double wall construction.</p>	<p>www.vtsgroup.com</p>
